

Grant Administrator

Preferred Experience: The applicant should have experience with writing grants, proposals and/or reports and formulating timesheets and budgets. Any background with state and federal grants, including but not limited to: researching, managing and coordinating grants, writing applications, grant project management and contracts partnership agreements is a plus. Projects may include transportation, transit, public works, planning, municipal facilities, and environmental.

Following awards, the Grant Writer and Administrator will monitor all phases of projects through closing, including assessment of technical progress, report submissions, vouchering and performance. This position requires knowledge and skill in applying evaluative techniques to the identification and resolution of grants administration issues. Knowledge of laws, regulations, procedures, agency policy, and other requirements that affect grant program administration is ideal.

Basic Qualifications:

- A college degree and/or possess a minimum of two years related work experience (both preferred)
- Have the ability to plan, organize and oversee multiple projects
- Able to work independently
- Be able to adjust schedules to meet grant/project deadlines and attend meetings (sometimes in the evening) as necessary
- Computer literate
- Excellent writing abilities
- Ability to multi-task and maintain attention to detail

Specific programmatic knowledge and experience with any of the following agencies a major plus: NYSDOS, NYSDOT, ESD, NYSDEC, DASNY, USEPA, HUD. Please highlight any such experience in your application.

Salary commensurate with experience

Full time preferred but an excellent part-time candidate will be considered

References upon request

Writing sample not required but preferred (grant application, plan, or report)
